## RESEARCH EXPERIENCE

### Undergraduate Thesis Research

Title: Perceived Influence of Anxiety on Students' Performance in Mathematics

Department of Science Education (Mathematics/Computer Science)

University of Agriculture Makurdi, Nigeria

Supervisor: **Professor I.O Iordaaah**

- Questionnaires were distributed and interviews were conducted among some selected students in secondary schools around Makurdi Metropolis.

- Students' mathematics scores were collected from school records (with permission).
  - These data were analyzed using Excel to determine the frequency of anxiety levels and the correlation between anxiety scores and math performance.
  - The findings were summarized in relation to the research questions.
  - Implications for teachers, parents, and educational policy were discussed and recommendations (e.g., counseling support, teaching strategies) offered.
